

# **Diana Carillo**

Financial Strategist & Digital Transformation Expert

Diana Carillo is a passionate advocate for women's empowerment in the tech industry. Combining her expertise in finance and economics (Master's degree) with a deep understanding of digital transformation, Diana empowers businesses to navigate the complexities of the digital age.

As the founder of M.D.C.L. Ltd, a consulting firm specializing in digital transformation, project management, strategy development, and capacity building, Diana leverages her financial acumen to guide organizations towards cost-saving solutions and impactful digital strategies.

At the 2nd Annual Women's Empowerment Forum, Diana will be sharing her insights and journey collaborating on the Digitization Project, specifically focusing on the impact of digital transformation on businesses, with a financial and economic lens.
